

April 11, 2014

Dear Shareholders:

A special meeting (the “meeting”) of shareholders of M Split Corp. (“M Split”) will be held at 10:30 a.m. on Wednesday, May 14, 2014 at the offices of Blake, Cassels & Graydon LLP, 199 Bay Street, 40th floor, Commerce Court West, Toronto, Ontario.

The primary purpose of the meeting is to consider and vote upon a special resolution that would allow shareholders to maintain their investment beyond the scheduled termination date of December 1, 2014. The special resolution, if approved, would change the termination date to December 1, 2019.

The reasons for the term extension proposal are as follows:

- **Shareholders will have the opportunity to continue to participate in any continued strengthening of Manulife common shares.**

Manulife common shares have experienced a significant recovery from the March 2009 lows. As a result, the net asset value per unit of M Split has improved from \$4.61 on December 15, 2011 to \$7.91 on March 31, 2014 after the payment of \$0.03125 in Class I Preferred share monthly dividends for each month during the period.

- **Class II Preferred and Capital Shareholders could continue to benefit on a leveraged basis to any market appreciation or dividend increases in the Manulife common shares (held in the portfolio) over the extended time period.**

Class II Preferred shareholders will benefit from any continued improvement in the net asset value per unit up to \$10 per unit. The net asset value attributable to Class II Preferred shares increased 593% from \$0.38 to \$2.74 for the one year period ended November 30, 2013 (most recent fiscal year end) reflecting the leveraged participation in the continued strengthening of the market price of Manulife common shares held in the portfolio. In addition, Class II Preferred shares would, if the special resolution is approved, be able to receive dividends at an annual rate of 7.5% if and when the net asset value reaches \$10 per unit.

Capital shareholders would benefit on a leveraged basis to any future increase in the net asset value above \$10 per unit over the extended period.

- **Class I Preferred shareholders could continue to benefit from an attractive dividend yield.**

Class I Preferred shareholders have received consecutive 49 monthly distributions since inception for a total of \$1.53 per share. The current yield on the Class I Preferred shares was 7.31% as at April 9, 2014.

- **Extending the term allows for the continuation of active management of the portfolio.**

The net assets of M Split are \$21.6 million as at March 31, 2014 and the Manager believes that it would be in the interest of shareholders to increase the size of M Split. An increase in net assets could have the benefits of increasing the trading liquidity for the shares on the TSX and lowering the management expense ratio of M Split. M Split proposes a warrant offering to Capital shareholders as a means to increase the size of the Fund. If the extension proposal is passed, the proposed warrant offering is expected to occur sometime during the second half of 2014 subject to receiving all required regulatory approvals.

M Split is also proposing some administrative changes that do not affect the operation of the Fund or the attributes of the shares. These proposed changes include a) removing the reference to the fixed termination date in the wording of M Split's investment objective, and b) allowing M Split to pay a special non cash dividend to Capital shares where the sole purpose of making such a dividend would be to avoid having to paying net tax in M Split.

The attached Notice of Special Meeting of Shareholders and the Information Circular, which you should read carefully, contains a detailed description of the special resolution and other information that will assist you in making an informed decision.

The Board of Directors of M Split has determined that the special resolution is in the best interests of M Split and its shareholders. Accordingly, the Board of Directors recommends that shareholders vote FOR the special resolution. The Independent Review Committee of M Split has also unanimously determined that the calling and holding of the Special Meeting to consider the matters described in the Circular, on terms set forth in the Circular, achieves a fair and reasonable result for shareholders.

If you are a shareholder of M Split, you are strongly encouraged to vote on the special resolution by completing and returning the enclosed Proxy using any of the methods described as soon as possible, and no later than May 12, 2014 at 10:30 am.

Sincerely,

- (f) to permit the Company to issue warrants to holders of the Class II Preferred Shares and the Capital Shares, on the terms set out herein.

VOTING RIGHTS, RECORD DATE, QUORUM AND PROXY INFORMATION

To be used at the Meeting, a proxy must be deposited with Computershare Investor Services Inc. at 100 University Avenue, Toronto, Ontario M5J 2Y1 (or, if by facsimile, sent to: 416-263-9524 or 1-866-249-7775) or with the Chairman of the Meeting at any time up to 10:30 a.m. on May 12, 2014 or, in the case of any adjournment of the Meeting, not less than 48 hours (Saturdays, Sundays and holidays excepted) prior to the time of the adjournment.

Only holders of record of Class I Preferred Shares, Class II Preferred Shares or Capital Shares at the close of business on April 9, 2014 will be entitled to vote their Shares in respect of the matters to be voted on at the Meeting. With respect to each matter properly brought before the Meeting, a Shareholder shall be entitled to one vote for each Share registered in the name of such Shareholder. Holders of Class I Preferred Shares, Class II Preferred Shares and Capital Shares will be entitled to vote separately as a class on the special resolution which, to be effective, must be approved by not less than 66 2/3% of the votes cast by the holders of each such class, respectively, at the Meeting.

Pursuant to the Articles, a quorum at the Meeting will consist of two or more Shareholders present in person or represented by proxy holding not less than 10% of the outstanding Capital Shares, Class I Preferred Shares or Class II Preferred Shares, as applicable, of the Company. If the quorum requirement is not satisfied within one-half hour of the scheduled time for the Meeting, then the Meeting will be adjourned by the Chairman of the Meeting to 10:30 a.m. on May 16, 2014. At such adjourned Meeting, the Shareholders then present in person or represented by proxy will form a quorum.

Appointment of Proxy Holders

Shareholders who are unable to be present at the Meeting may still vote through the use of proxies. If you are a Shareholder, you should complete, execute and return the enclosed proxy form. By completing and returning the enclosed proxy form, you can participate in the Meeting through the person or persons named on the form.

Discretionary Authority of Proxies

The proxy form confers discretionary authority upon the Management appointees named therein with respect to such matters, including without limitation such amendment or variation to the special resolution, as, though not specifically set forth in the Notice of Special Meeting of Shareholders, may properly come before the Meeting. The Company does not know of any such matter which may be presented for consideration at the Meeting. However, if any such matter is presented, the proxy will be voted thereon in accordance with the best judgment of the Management appointees named in the proxy form.

On any ballot that may be called for at the Meeting, all Shares in respect of which the Management appointees named in the accompanying proxy form have been appointed to act will be voted in accordance with the specification of the Shareholder signing the proxy form. If no such specification is made, then the Shares will be voted in favour of the matters identified in the Notice of Special Meeting of Shareholders.

Alternate Proxy

A Shareholder has the right to appoint a person other than the Management appointees designated on the accompanying proxy form by crossing out the printed names and inserting the name of the person he or she wishes to act as proxy in the blank space provided, or by completing another proxy form. Proxy forms which appoint persons other than the Management appointees whose names are printed on the form should be submitted to the Company and the person so appointed should be notified. A person acting as proxy need not be a Shareholder.

On any ballot that may be called for at the Meeting, all Shares in respect of which the person named in a proxy form has been appointed to act shall be voted in accordance with the specification of the Shareholder signing such proxy form. If no such specification is made, then the Shares may be voted in accordance with the best judgment of the person named in the proxy form. Furthermore, the person named in the proxy form will have discretionary authority with respect to any other matters that may properly come before the Meeting, and will be voted on such amendments and other matters in accordance with the best judgment of the person named in such proxy form.

Revocation of Proxies

A Shareholder who has given a proxy may revoke it by depositing an instrument in writing signed by the Shareholder or by the Shareholder's attorney, who is authorized in writing, or by transmitting, by telephonic or electronic means, a revocation signed by electronic signature by the Shareholder or by the Shareholder's attorney, who is authorized in writing, to or at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or in the case of any adjournment of the Meeting, the last business day preceding the day of the adjournment, or with the Chairman of the Meeting on the day of, and prior to the start of, the Meeting or any adjournment thereof. A Shareholder may also revoke a proxy in any other manner permitted by law.

Solicitation of Proxies and Meeting Costs

The costs of sending the Notice of Special Meeting of Shareholders and soliciting proxies for the Meeting, as well as the other costs of the Meeting, will be paid for by the Company. Solicitation of proxies will be by mail and may be supplemented by telephone or other personal contact by officers or employees of the Manager. The Company will, as required by law, also reimburse brokers, custodians, nominees and fiduciaries for their proper charges and expenses incurred in forwarding this Circular and related materials to beneficial owners of Shares.

The Company will also pay a dealer whose clients hold Shares of the Company a fee of \$0.05 in respect of each Class I Preferred Share, Class II Preferred Share or Capital Share voted by the client of such dealer in favour of the special resolution, to a maximum of \$1,000 per beneficial holder, and provided that such client does not retract the Shares so voted pursuant to the 2014 Special Retraction Right (as defined below).

Advice to Beneficial Holders

The information set forth in this section is of significant importance to beneficial holders of Class I Preferred Shares, Class II Preferred Shares and Capital Shares, as the Shares are held in the name of CDS & Co., the nominee of CDS Clearing and Depository Services Inc. (**CDS**), and not in the name of the beneficial holders of the Shares. The Company utilizes the “book entry only” system of registration and thus Shareholders do not hold their Shares in their own name (such Shareholders being **Beneficial Shareholders**). Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Shares can be recognized and acted upon at the Meeting. Shares held by brokers or their nominees through CDS & Co. can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, CDS & Co. and brokers/nominees are prohibited from voting Shares for their client(s). The Company does not know for whose benefit the Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for purposes of voting their Shares in person or by way of proxy unless they comply with the procedure designated below.

Applicable securities laws or policies require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to that provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholders. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (**Broadridge**). Broadridge typically prepares a voting instruction form which it mails to the Beneficial Shareholders and asks Beneficial Shareholders to complete and return directly to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction form cannot use that form to vote Shares directly at the Meeting; the voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Shares voted.**

If you are a Beneficial Shareholder and wish to vote in person at the Meeting, please contact your broker or agent well in advance of the Meeting to determine how you can do so.

It is proposed that the wording of the Company's investment objective be amended, as discussed under "*Matters to be Voted on at the Meeting – Change to the Wording of the Company's Investment Objective*".

The Company invests in common shares of Manulife (the **Portfolio**). To supplement the dividends earned on those common shares and to reduce risk, the Company will from time to time write covered call options in respect of all or a part of common shares of Manulife that it holds. The number of such common shares that are the subject of call options and the terms of such options will vary from time to time as determined by the Manager. In addition, the Company may also write cash covered put options or purchase call options with the effect of closing out existing call options written by the Company and may also purchase put options in order to protect the Company from declines in the market price of the common shares of Manulife that it holds.

No monthly dividends were paid to holders of Capital Shares during the Company's last fiscal year ended November 30, 2013 or during the current fiscal year.

The Manager

For a description of the Manager, see the Annual Information Form. The Manager receives management fees for its services to the Company as portfolio manager under an investment manager agreement dated March 28, 2007, and receives administration fees for its services to the Company as

investment fund manager under a management agreement dated March 28, 2007 between the Company and Quadravest Inc., assigned to the Manager effective June 1, 2010. For the fiscal year of the Company ended November 30, 2013, and for the period from December 1, 2013 to March 31, 2014, the Manager received aggregate fees under such agreements of \$98,054 and \$39,264 from the Company, respectively. Certain of the officers and directors of the Company are also officers and directors of the Manager. These directors and officers do not receive any additional compensation from the Company for acting as directors and officers of the Company.

MATTERS TO BE VOTED ON AT THE MEETING

I. Extension of the Termination Date of the Company

The Articles of the Company currently provide that the Class I Preferred Shares, Class II Preferred Shares and Capital Shares shall be redeemed by the Company on the Termination Date, which is currently scheduled for December 1, 2014. Shareholders are being asked to pass the special resolution which would, among other things, extend the Termination Date initially to December 1, 2019. The reasons for the term extension proposal are as follows:

- ***Extending the life of the Company would allow Shareholders to participate in any continued strengthening of Manulife's common shares***

The Company originally began operations on April 18, 2007 prior to the reorganization on March 26, 2010. During the period from September 2007 to March 2009, the TSX declined by 44.8% from the peak to trough. Manulife's common shares also declined by 77% from its peak in November, 2007 to its trough in March, 2009. Since 2009, governments across the world have intervened through massive monetary and fiscal stimulus in an attempt to aid the recovery in economies and markets. Over the last several years the North American economies and markets have responded and significantly improved. Manulife's common shares have experience a significant recovery from its March 2009 lows.

As a result of the improvement in Manulife's common shares, the net asset value per Unit of the Company has improved from a low of \$4.61 in December 2011 to \$7.91 on March 31, 2014 after the payment of \$0.03125 in Class I Preferred Share dividends each month during the period. The net asset value of the Company attributable to the Class II Preferred Shares continues to recover and increased by 593% in the fiscal year of the Company ended November 30, 2013 from \$0.38 to \$2.74.

The extension of the term to December 1, 2019 would allow Class II Preferred Shareholders and potentially Capital Shareholders (if the net asset value per Unit increases over \$10.00) to continue to participate on a leveraged basis to any continued strengthening in Manulife's common shares over the extension period. Class I Preferred Shareholders would also continue to benefit through a continued stream of attractive monthly dividends and Class II Preferred Shareholders may begin to receive dividends at an annual rate of 7.5% if and when the net asset value per Unit exceeds \$10 per unit.

- ***Long term investors may benefit from an expanded time horizon***

The proposal to extend the termination date to at least December 1, 2019 will facilitate greater investment flexibility for both existing Shareholders and potential new investors. An extended time horizon for the Company would allow current investors to continue to receive their current monthly distributions beyond December 1, 2014 as well as have an opportunity to have greater flexibility over the timing of any potential exit from their investment. Shareholders will continue to be able to have the opportunity to sell their investment in the market as well as have their regular monthly and annual retraction opportunities. Shareholders who do not wish to continue investing in the Company would be

given the 2014 Special Retraction Right, as discussed below, which would allow them to retract their investment in the Company this year on terms similar to those that would apply on the termination of the Company. A longer term horizon should also make the Company more attractive to potential investors as they would have reduced market timing risk with a fund that has a time horizon of more than five years. This could have a favorable impact on the trading price of some or all of the classes of Shares.

- ***Extending the term allows for the continuation of active Portfolio management***

In the absence of the extension proposal, the Manager would have to begin winding down the investments in the Company in the fall of 2014. In particular, the income enhancement strategy (covered call writing strategy) employed by the Company would be adversely impacted in the final months before wind-up. This could result in the Company generating less income in the final months due to decreased market exposure.

Accordingly, Shareholders are being asked to extend the Termination Date of the Company initially by five years (from the current scheduled date) to December 1, 2019. If the special resolution is approved, the Class I Preferred Shares, Class II Preferred Shares and the Capital Shares will continue to be listed and trade on the TSX and holders will also continue to have their normal monthly and annual retraction rights, as described in the Annual Information Form, until the final redemption of all the Shares.

2014 Special Retraction Right

If the extension of the termination date to December 1, 2019 is approved at the Meeting, the Company will also amend the Articles to provide Shareholders with a special retraction right (the **2014 Special Retraction Right**) which is designed to provide Shareholders with an opportunity to retract their Shares in June 2014 and receive a retraction price that is calculated in the same way that such price would be calculated if the Company were to terminate on December 1, 2014 as originally contemplated.

If the extension of the Termination Date is approved, a Shareholder who retracts a Capital Share under the 2014 Special Retraction Right will receive a retraction price per Capital Share equal to the net asset value per Unit calculated on June 13, 2014, less \$10.00. If the net asset value per Unit on such date is not in excess of \$10.00, the retracting Capital Shareholder will receive a retraction price of nil. A Shareholder who retracts a Class I Preferred Share under the Special Retraction Right will receive a retraction price per Class I Preferred Share equal to the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on June 13, 2014. A Shareholder who retracts a Class II Preferred Share under the Special Retraction Right will receive a retraction price per Class II Preferred Share equal to nil if the net asset value per Unit calculated on June 13, 2014 is equal to or less than \$5.00, and otherwise will receive the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on June 13, 2014 less \$5.00. Shareholders wishing to take advantage of the 2014 Special Retraction Right must surrender their Shares for retraction no later than the close of business on June 4, 2014. Payment for the Shares so tendered for retraction pursuant to the 2014 Special Retraction Right will be made no later than June 27, 2014.

Implementing the 2014 Special Retraction Right

As noted above, Shares are issued on the basis that there will be an equal number of Shares of each class outstanding. As a result of the expected exercise of the 2014 Special Retraction Right, the Company may need to take steps to equalize the number of Shares of each class outstanding, depending upon the number of Shares of each class that are retracted. A number of options are open to the Company in this regard.

The special resolution will permit the Articles to be amended to provide the Company with a redemption right (the **Special Redemption Right**) which will allow it to redeem on a pro rata basis such number of Class I Preferred Shares, Class II Preferred Shares or Capital Shares as is required to achieve an equality of outstanding Shares of each class.

The redemption price paid in the case of a redemption of a Capital Share under the Special Redemption Right would be nil if the net asset value per Unit calculated on June 13, 2014 is equal to or less than \$10.00, and otherwise an amount per Capital Share equal to the net asset value per Unit on such date less \$10.00. The redemption price paid in the case of a redemption of a Class I Preferred Share under the Special Redemption Right will be the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on June 13, 2014. The redemption price paid in the case of a redemption of a Class II Preferred Share under the Special Redemption Right would be nil if the net asset value per Unit calculated on June 13, 2014 is equal to or less than \$5.00, and otherwise would be the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on June 13, 2014 less \$5.00. Payment would be made no later than June 27, 2014.

Also, the Company may, and the special resolution will permit the Company to, file an amendment to its Articles to effect a subdivision of its outstanding Class I Preferred Shares, Class II Preferred Shares or Capital Shares, in each case on a basis that will maintain an equal number of Shares of each class outstanding.

It is also possible that the Company might be able to achieve an equality of outstanding Shares of each class following the exercise of the 2014 Special Retraction Right through a private placement of Shares of the class or classes for which there were the greater number of redemption requests, in an amount sufficient to achieve such equality, or it might be able to recirculate (that is, find purchasers for) a sufficient number of Shares of the class or classes for which there were the greater number of redemption requests, again in an amount sufficient to achieve such equality, or some combination of these two options.

The method or methods to be used by the Company to achieve such equality will be determined by the Board of Directors in its discretion, assisted by the recommendation of the Manager in this regard, having regard to which options or combination of options which are considered to be in the best interests of Shareholders in light of all the circumstances then prevailing. A press release will be issued providing details of the method or methods to be used by the Company to achieve an equality of number of Shares of all three classes and confirming the exact timing thereof.

Additional Extensions for Terms of Five Years

By approving the special resolution to extend the Termination Date of the Company to December 1, 2019, Shareholders will also be approving the extension of the Company for an additional term of five years as determined by the Board of Directors of the Company. The Termination Date may then be further extended for additional successive terms of five years each in the discretion of the Board of Directors. Shareholders will be able to redeem their Shares in connection with any such five year extension by exercising an additional retraction right (the **Continuing Special Retraction Right**) which is again designed to provide Shareholders with an opportunity to retract their Shares and receive a retraction price that is calculated in the same way that such price would be calculated if the Company were to terminate on its scheduled Termination Date.

A Shareholder who retracts a Capital Share under the Continuing Special Retraction Right will receive a retraction price per Share of nil if the net asset value per Unit calculated on November 30 of the year in which the Termination Date is extended is equal to or less than \$10.00, and otherwise an amount

per Capital Share equal to the net asset value per Unit on such date less \$10.00. A Shareholder who retracts a Class I Preferred Share under the Continuing Special Retraction Right will receive a retraction price per Class I Preferred Share equal to the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on November 30 of such year. A Shareholder who retracts a Class II Preferred Share under the Continuing Special Retraction Right will receive a retraction price per Class II Preferred Share of nil if the net asset value per Unit calculated on November 30 of such year is equal to or less than \$5.00, and otherwise would be the lesser of (i) \$5.00 and (ii) the net asset value per Unit calculated on November 30 of such year less \$5.00. Shareholders wishing to take advantage of the Continuing Special Retraction Right must surrender their Shares for retraction no later than the close of business on November 1 of the year in which the Termination Date is extended (or, if such November 1 is not a business day, on the immediately preceding business day). Payment for the Shares so tendered for retraction pursuant to the Continuing Special Retraction Right will be made no later than December 15 of such year (or, if December 15 is not a business day, the immediately succeeding business day).

The Company will issue a press release at least 60 days prior to any scheduled Termination Date, indicating whether the term of the Company will be extended or not and, if it is to be extended, advising Shareholders of their Continuing Special Retraction Right. The ability to extend the Termination Date as discussed above will save the Company all of the associated costs of holding a special Shareholders meeting while still retaining each Shareholders' right to retract their Shares on the same basis as if a Termination Date had occurred.

Implementing the Continuing Special Retraction Right

As noted above, Shares are issued on the basis that there will be an equal number of Class I Preferred Shares, Class II Preferred Shares and Capital Shares outstanding. As a result of any exercise of a Continuing Special Retraction Right, the Company may need to take steps to equalize the number of Shares of each class outstanding, depending upon the number of Shares of each class that are retracted.

As noted above, the special resolution will permit the Articles to be amended to provide the Company with the Special Redemption Right as a means of ensuring that an equal number of Class I Preferred Shares, Class II Preferred Shares and Capital Shares outstanding following the exercise of the 2014 Special Retraction Right. The Special Redemption Right will also apply in respect of any exercise of the Continuing Special Retraction right, on the same basis as described above. The special resolution would also authorize the filing of articles of amendment to effect a consolidation or subdivision of Class I Preferred Shares, Class II Preferred Shares or Capital Shares following any exercise of the Continuing Special Retraction Right, if necessary to equalize the number of Shares of each class outstanding thereafter.

II. Change in Dividend Entitlement for the Class II Preferred Shares

Under the Articles, the Company will pay, as and when declared by the Board of Directors, a fixed cumulative preferential monthly cash dividends of \$0.03125 per Preferred Share to holders of the Class II Preferred Shares, but is not permitted to declare or pay such dividends if at the relevant time the net asset value of the Company is not in excess of \$12.50. The Company is proposing to amend the Articles to permit the payment of dividends on the Class II Preferred Shares if the net asset value of the Company exceeds \$10.00, effective December 1, 2014.

The Manager believes that making this change would more closely align the overall dividends paid with the expected dividend income and other income earned by the Company if and when the net asset value per Unit reaches \$10.00.

III. Future Changes to the Dividend Entitlement for the Class I and Class II Preferred Shares

In the event the Board of Directors of the Company determine to extend the Company beyond December 1, 2019, the Company is proposing that it will have the right to determine the annual rate of cumulative preferential monthly dividends for the Class I Preferred Shares and on the Class II Preferred Shares for the five year renewal period commencing December 1, 2019, and in respect of any subsequent five year renewal term. Such determination will be made no later than September 30 (or the first business day thereafter, if September 30 is not a business day) of the year in which the term of the Company is extended.

This change will provide the Board of Directors with the opportunity to make any appropriate changes to the amounts paid on the Class I Preferred Shares and the Class II Preferred Shares in the context of market conditions existing at the relevant time. As there would no longer be a fixed Termination Date for the Company, the Board of Directors believes it important to provide for additional flexibility in this regard.

IV. Change to the Wording of the Company's Investment Objective

NI 81-102 requires Shareholder approval for any change to the fundamental investment objective for an investment fund such as the Company, and a similar requirement is contained in the Articles. As set forth above, the current investment objectives of the Company were drafted with reference to the notional issue price of the Shares. The Manager believes that the concept of the notional issue price of the Shares has little relevance to today's Shareholders, who are far more likely to have acquired their Shares through purchases made on the TSX, at prices quite different from the notional issue prices, than to have acquired such Shares in the 2010 Capital Reorganization, and this will become increasing so over time. In addition, the reference to a fixed termination date in 2014 in the current investment objectives will be obsolete if the extension of the Termination Date is approved.

Accordingly, Shareholders will be asked, as part of the extension of the term of the Company, to approve a change to the wording of the Company's investment objective as follows:

The Company's investment objective with respect to the Class I Preferred Shares is (a) to provide holders of the Class I Preferred Shares with fixed cumulative preferential monthly cash dividends in the amount of \$0.03125 per Class I Preferred Share to yield 7.50% per annum on the Class I Preferred Share Repayment Amount of \$5.00; and (b) on such date as the Company may be terminated (the "Termination Date"), to pay the holders of the Class I Preferred Shares \$5.00 per Class I Preferred Share (the "Class I Preferred Share Repayment Amount").

The Company's investment objective with respect to the Class II Preferred Shares is (a) to provide holders of the Class II Preferred Shares with fixed cumulative preferential monthly cash dividends in the amount of \$0.03125 per Class II Preferred Share to yield 7.50% per annum on the Class II Preferred Share Repayment Amount of \$5.00, if and when the net asset value per Unit exceeds \$10.00; and (b) on or about the Termination Date, to pay the holders of the Class II Preferred Shares \$5.00 per Class II Preferred Share (the "Class II Preferred Share Repayment Amount").

The Company's investment objective with respect to the Capital Shares is (a) to provide holders of Capital Shares with dividends in an amount to be set by the Board of Directors of the Company at its discretion, based on market conditions, if and when the net asset value per Unit exceeds \$15.00 and provided that no dividend payments will be

made on the Capital Shares unless all dividends on the Class I Preferred Shares and, if applicable, the Class II Preferred Shares have been declared and paid; and (b) to permit holders of Capital Shares to participate in all growth in the net asset value of the Company above \$10.00 per Unit, by paying such holders, on or about the Termination Date, such amounts as remain in the Company on the Termination Date after paying the holders of the Class I Preferred Shares the Class I Preferred Share Repayment Amount and paying the holders of the Class II Preferred Shares the Class II Preferred Share Repayment Amount.

The Company's current monthly distribution policy with respect to the Class A Shares would not change as a result of this change to the Company's investment objective, and these changes will have no impact on the management of the Company's assets.

V. Change in Year-End Distribution Rules

Under the Articles, as noted above, the Company is prohibited from paying any dividends or other distributions to holders of the Capital Shares if the effect of paying such a dividend or other distribution would be that the net asset value per Unit would decline to less than \$15.00. Under the Tax Act, to the extent that the Company earns net income (other than taxable dividends from taxable Canadian corporations and taxable capital gains) such as interest, dividends from corporations other than taxable Canadian corporations or certain gains from the disposition of a security under a derivative forward agreement, the Company will be subject to income tax on such income and no refund will be available in respect thereof. To the extent that the Company earns net income that consists of taxable dividends from taxable Canadian corporations and taxable capital gains, the Company is effectively exempted from tax on such amounts (or entitled to refunds of taxes paid on such amounts) to the extent such amounts are paid to Shareholders.

The Company is proposing to amend the Articles so as to permit the Company to pay special year-end dividends on the Capital Shares even if, after payment of such a dividend, the net asset value per Unit would be less than \$15.00, where the purpose of such a special dividend in a year would be to reduce or eliminate the amount of net tax payable by the Company under the Tax Act for that year. Any dividends so declared would be payable in additional Capital Shares, and not in cash, and following the payment the Articles would be further amended to effect a Capital Share consolidation, so that after such payment, the Shareholder would hold the same number of Capital Shares as were held immediately prior to such payment. This Share consolidation would also restore the net asset value per Unit to the same amount as immediately before the year end distribution.

Special distributions received by a holder of Capital Shares would be taxable as either "capital gains dividends" or ordinary dividends even though such dividends are not paid in cash. Shareholders should refer to the Annual Information Form for the tax implications of receiving such dividends.

VI. Warrant Offering

The net asset value of the Company is \$21.6 million as at March 31, 2014, and the Manager believes that it would be in the best interests of Shareholders for warrants to be issued with the goal of increasing the size of the Company. An increase in net assets could have the benefits of increasing the trading liquidity of the Shares on the TSX and lowering the management expense ratio of the Company.

Although not a requirement under the Articles or Canadian securities law, the Company is also seeking the authorization of Shareholders to the Company issue warrants to holders of the Class II

Preferred Shares and the Capital Shares. One warrant would be issued for each Class II Preferred Share or Capital Share held, and four warrants would entitle the holder to receive one Class I Preferred Share, one Class II Preferred Share and one Capital Share at a subscription price of 102% of the net asset value at the date of issuance. The expiry date of the warrants would not be less than 90 days nor more than 180 days from the date of issuance. The issuance of warrants would be conditional upon the Independent Review Committee (**IRC**) established for the Company advising the Manager that in the view of the IRC, the warrant offering achieved a fair and reasonable result for Shareholders; upon the approval of the TSX to the warrant offering and to the listing of the warrants, and the Class I Preferred Shares, Class II Preferred Shares and Capital Shares issuable upon the exercise of the warrants, on the TSX; and upon receipt of all other required regulatory approvals.

The value of a Unit will be reduced if the net asset value per Unit exceeds the exercise price of the warrants at the time of exercise and four or more warrants are exercised. If a holder of the Class II Preferred Shares or Capital Shares receiving warrants does not exercise those warrants in such circumstances, such Shareholder's pro rata interest in the assets of the Company will be diluted. To maintain the Shareholder's pro rata interest in the assets of the Company, the Shareholder will be required to pay in connection with each exercise of four warrants an additional amount equal to the subscription price. While a Shareholder may sell the Shareholder's warrants, no assurance can be given that the proceeds of such sale will compensate the Shareholder for such dilution. Holders of Class I Preferred Shares will not receive any warrants under the proposed warrant offering. While the exercise of warrants should not dilute the interests of the holders of Class I Preferred Shares, such exercise could reduce the then-current asset coverage ratio applicable to the Class I Preferred Shares. In no circumstances, however, should such asset coverage ratio, even if so reduced, be less than the asset coverage ratio that will apply immediately following the closing of the warrant offering.

RECOMMENDATION OF THE BOARD OF DIRECTORS AND INDEPENDENT REVIEW COMMITTEE

The Board of Directors of the Company has unanimously approved each of the matters to be voted on at the Meeting.

On February 24, 2014, the IRC advised the Manager that it was of the view that the calling and holding of the Meeting for the purpose of having Shareholders consider the matters set forth in this Circular achieves a fair and reasonable result for Shareholders, based on the Manager's preliminary advice as to the matters to be voted on at the Meeting. On April 9, 2014, the IRC confirmed its recommendation in this regard, based on its review of the final form of this Circular.

INTEREST OF MANAGEMENT AND OTHERS IN THE PROPOSALS

The Manager receives management and administration fees as more fully described in the Annual Information Form. If the special resolution approving the extension of the Termination Date of the Company is passed, the Manager will continue to receive these fees during each extension period.

VOTING SECURITIES AND PRINCIPAL HOLDERS

All of the issued and outstanding Class B Shares of the Company are owned by M Split Corp. Holding Trust (the **Trust**), of which S. Wayne Finch is the trustee and the holders of the Class I Preferred Shares, Class II Preferred Shares and Capital Shares from time to time are the beneficiaries. The Trust, as the sole holder of the Class B Shares, has approved matters to be voted on at the Meeting.

As of April 11, 2014, to the knowledge of the directors and officers of the Company, no person beneficially owned, directly or indirectly, or exercised control or direction over, more than 10% of the voting rights attached to the Class I Preferred Shares, Class II Preferred Shares or the Capital Shares of the Company.

VOTING ON THE PROPOSED CHANGES

Shareholders will therefore be asked at the Meeting to pass the special resolution substantially in the form attached hereto as Appendix "A" to approve the amendments to the Articles of the Company and other matters discussed in the Circular. The special resolution, to be effective, requires the approval of not less than two-thirds of the votes cast by Shareholders of each class present in person or by proxy at the Meeting.

The special resolution may, by its terms, not be proceeded with by the Board of Directors of the Company at any time prior to the filing of articles of amendment without further notice to, or action on the part of, Shareholders if the Board of Directors determines in its sole judgment that it would be inadvisable for the Company to proceed with the amendments to the Articles discussed in this Circular.

APPROVAL BY THE BOARD OF DIRECTORS

The contents and mailing to Shareholders of this Circular have been approved by the Board of Directors of the Company.
